

Aldeia da Pedralva by WOT Signature

Where Time Slows and Life Breathes

In the heart of the Costa Vicentina, between the Atlantic and the wild hills of the Algarve, a village has been reborn that has chosen to live anew. Aldeia da Pedralva is not just a destination - it's a reunion with the essentials: nature, silence, authenticity.

Once abandoned, it has been restored house by house, stone by stone, with respect for its origins. Today, it's a living village, where traditions and comfort coexist in harmony. Here, you'll smell the wood, taste the salt in the air and feel the slow rhythm of the long days. You'll feel present.

To Stay is to Belong

The 26 restored houses retain their original soul: white walls, clay tiles, rustic details. Each one tells a story, welcomes with simplicity and invites you to relax. They are real spaces - without excess, without haste.

Whether you're a couple, family or friends, there's a house for you - with sunny terraces, hidden patios and the peace that only places with soul can offer.

Living Pedralva

- Trails and Nature: Explore the paths of the Costa Vicentina on foot or by bicycle, between cliffs, secret beaches and blossoming fields.
- Surf and Sea: Just a few minutes away, beaches like Amado and Cordoama are a paradise for surfers and dreamers.
- Local flavours: At the Sítio da Pedralva restaurant, every dish pays homage to the products of the land and sea - from cod on bread to caldeirada algarvia.
- Stars and Silence: At night, the sky clears of lights. The universe shines as it used to.
- Workshops and Art: Throughout the year, we host creative retreats - from photography to writing, painting to yoga.

Here, Animals Are Family Too

Pedralva is truly pet-friendly. Your four-legged companions are welcomed with joy, have space to explore and a guaranteed rest at the end of the day. Because a home, to be complete, has to include them too.

More than just a place to stay. A place where you return to yourself.

At Aldeia da Pedralva, you'll feel time slow down - not to stop, but to remind you of what really matters.

Here, you're not a guest.

You're a neighbour.
